

Binary Cable Hanger System

Product Codes:

Total System Std. Cable: **BCH1000**
Total System Hvy Dty. Cable: **BCH2000**
Binary Hanger: **BCH01**
Binary Cable Connectors:
Standard Cable: **BCH02**
Hvy. Duty Cable: **BCH03**
Lock Assembly: **BCH04**

Feature:

- Unique two piece system with "Re-Useable" Binary Hanger
- Double swage capable Binary Cable Connector for both Std & Hvy Duty cables
- Stronger, more versatile and more economical than any other cable "hanger" system available

SPECIFICATIONS

| | System | Binary Hanger | Binary Cable Connector |
|--------------------------|------------------|------------------|------------------------|
| Length: | 1.8 in. (4.6 cm) | .86 in. (2.2 cm) | 1.2 in. (3 cm) |
| Width: | 1.4 in. (3.6 cm) | 1.4 in. (3.6 cm) | .188 in. (.48 cm) |
| Thickness (Max.): | .22 in. (.56 cm) | .22 in. (.56 cm) | .188 in. (.48 cm) |
| Weight: | 9.4 gm | 7.7 gm | 1.7 gm |

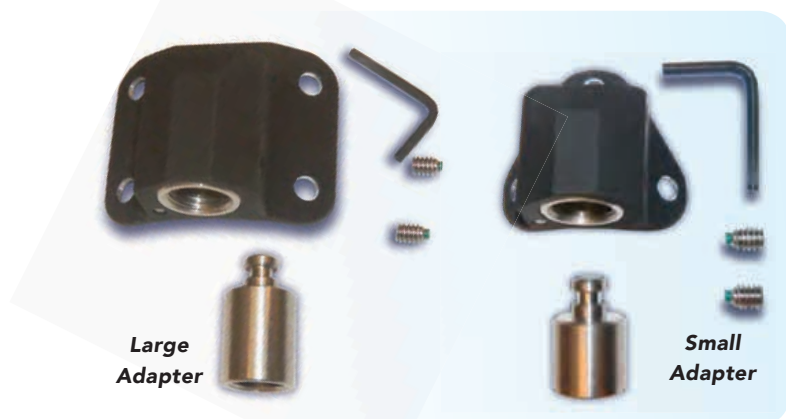

PROSTHESIS & PROCUFF Terminal Device ADAPTERS

Product Codes:

Prosthesis TD Adapter Large **PDTA1000**
Long Disconnect Insert **PDTA101**
Prosthesis TD Adapter Small **PDTA2000**
Short Disconnect Insert **PDTA201**

Feature:

- High strength, aircraft aluminum TD Adapters and stainless steel insert (included)
- Rapid disconnect system using dual set screws to retain insert and adjust frictional rotation
- "On Board" magnetic-stored, Allen wrench for convenience
- Adaptable to Texas Assistive Device® (TAD) "Fittings"
- Order EXTRA inserts for multiple TDs

SPECIFICATIONS

| | Length | Width | ~Arm Diameter |
|------------------------------------|-------------------|------------------|------------------|
| Prosthesis TD Adapter Large | 1.5 in. (3.8 cm) | 1.9 in. (4.8 cm) | 3.0 in. (7.6 cm) |
| Prosthesis TD Adapter Small | 1.4 in. (3.6 cm) | 1.6 in. (4 cm) | 2.0 in. (5 cm) |
| Long Disconnect Adapter | 1.13 in. (2.9 cm) | .63 in. (1.6 cm) | N/A |
| Short Disconnect Adapter | .94 in. (2.4 cm) | .63 in. (1.6 cm) | N/A |

Prosthesis Distal Disconnect Wrist System

Product Codes:

System: **PDD1000**
Long Disconnect Insert: **PDTA101**

Feature:

- High Strength, .125 inch thick, 7075 T6 Frame (Ready to drill and mount to prosthesis)

- Allows for more proximal TD mounting
- Integral, compact, TD disconnect wrist system
- Creates "In-Line" TD mounting design for more natural control of activity specific accessories
- Stainless and anodized aluminum materials

SPECIFICATIONS

| | | |
|--------------------------------------|-------------------------------|---------------------------------|
